

TN Valley Aussies & Doodles strives to raise the healthiest puppies. We are confident that every one of our puppies will adapt perfectly into their new family but as an extra step we offer a 1 year health guarantee to accompany every puppy. This ensures that if your puppy suffers from a genetic health issue prior to its first birthday we will do everything we can to make it right. The guaranteed specifics are as follows:

**Buyer Agrees:**

1. The puppy must be owned by the original buyer, this guarantee is non-transferable. The puppy is not to be purchased for resale and will never be sold to a pet shop or puppy mill. In accordance with Our Puppy Promise, if the buyer ever becomes unable to take care of their puppy we request it to be returned to the breeder.
2. To provide all annual vet exams, to continue all required vaccine shots as recommended by their vet and proper vet care. It is important the puppy has all the required shots and their yearly boosters. Failure to comply with and to be able to provide documentation of these requirements voids this guarantee.
3. Buyer agrees to not breed a female before 1.5 years of age and 1 year old for males. (This only applies to buyers who purchased breeding rights at the time of sale)
4. To provide adequate housing away from the elements. Your dog will NEVER be left on a chain. The Buyer will groom, train, and care for this dog to give it the best quality of life.
5. The value of the pet for the purpose of this guarantee is solely the original purchase price of the pet, and does not include any additional prices declared by the Buyer such as show dog value or shipping fees.
6. In the case of sudden demise of the puppy, breeder must receive written notice of puppy's death from the owner's vet along with a report indicating cause of death.

**Breeder Agrees:**

1. Provide Buyer with ASDR or AKC registration documents if the litter is registered.
2. Breeder guarantees that the puppy has had proper care to date of release to Buyer. Puppy has been thoroughly examined by our veterinarian and received its first set of vaccines. If their fecal exams are positive for worms or parasites, the puppies are treated accordingly. Shot, deworming, and vet records will be provided in puppy folders upon purchase & pickup. If the puppy is being transported, a copy of puppy records will be mailed to the new owner.

3. If the puppy he/she is examined by a reputable veterinarian and the health of the puppy is found to be at risk due to a congenital or genetic defect (existing at birth or hereditary), owner shall notify the breeder and provide a written statement from a licensed veterinarian. This statement should include a description of the puppy's condition and shall return the puppy & papers within three days of that examination. Breeder will replace the puppy or refund money provided the puppy is in the same condition mentally & physically as when it was originally purchased. This does not include worms, fleas, mites, coccidia, giardia, or any other parasites as they can be sometimes common in dogs & puppies.
4. Breeder is not responsible if the puppy contracts a communicable disease after leaving the breeder's possession.
5. Breeder guarantees puppy against any congenital defect causing death or making it necessary for euthanasia until one year of age.
6. Upon receipt of a letter to the breeder from a reputable veterinarian stating in his or her opinion this condition is congenital, the puppy will be replaced by a puppy of equal value or purchase price refunded at breeder's discretion. We reserve the right to have a second opinion from our veterinarian. We also reserve the right to acquire DNA to confirm the dog or puppy as one of our lineages.
7. Breeder does not guarantee coat or eye color, size, championship or temperament of any puppy.

The following will void this guarantee:

1. Allowing your dog to become obese or underfed at any time.
2. Evidence of neglect or abuse.
3. Previous related trauma (broken bones, related injuries, etc.)
4. Dog has been bred.
5. Feeding this dog anything other than a premium quality dog food.

\*No guaranteed expressed or implied, are given by TN Valley Aussies & Doodles, except those stated herein.
